## **Coders at Work: Reflections on the Craft of Programming**

"Coders at Work" is a fascinating insight into the education, careers and minds of some pretty big names in the field. I ordered the book before reading some of the negative reviews and I'm very glad I did. I almost hesitated to start reading it thinking that it was going to be boring and dry but it wasn't. Yes, there is definitely heavy use of ...

Professional Programming: Reflections on The Clean Coder. May 9, 2015. Over the past week, I had the pleasure of reading Robert C. Martin's The Clean Coder: A Code of Conduct for Professional Programmers. The text is an insightful and thought provoking meditation on what it means to be a software professional, one that aggressively challenges many habits and practices that developers might ...
