Nurse anesthetists have been providing anesthesia care to patients in the United States for more than 150 years. The CRNA (Certified Registered Nurse Anesthetist) credential came into existence in 1956. The title "nurse anesthesiologist," which is synonymous with the title "nurse anesthetist," is used by some CRNAs. Prolific Providers

Nurse Anesthetists. More than any other specialty, anesthesiology in the United States has blurred the distinction between physicians and nurse-practitioners. This confusion of roles has its roots in the late differentiation of anesthesiology as a specialty. There was a considerable period during which ...
