Group Genius: The Creative Power of Collaboration Creativity has long been thought of as an individual gift, best pursued alone. But what if the most common beliefs about its inner workings are wrong?

Group Genius by Keith Sawyer

Group Genius tears down some of the most popular myths about creativity, revealing that creativity is always collaborative--even when you're alone.

Group Genius: The Creative Power of Collaboration by Keith ...

Bottom line, it's the group, not individuals, that sparks creative genius. Radical creative breakthroughs like the television, the airplane, the Internet, and more are ultimately the result of collaboration, not a single genius' insight. If ours is becoming an innovative economy, teaching people the power of group genius becomes critical.
