IET - Institution of Engineering and Technology

So I have now gone through my CEng application process with the IET and had my professional review interview. I am now awaiting my result. I intended to provide some feedback and questions for discussion regarding the process and my experience of it. This is in the hope of providing some 'positive critical' feedback for both the IET and members who are looking at professional registration.

Feedback / Discussion - IET Engineering Communities

The Engineering Council has for some years published a quarterly listing in The Telegraph (for England and Wales) and The Scotsman (for Scotland), as well as on our own website. However, the new publication price requested by The Telegraph for 2018 amounted to a 600% increase on the previous rate.

It depends on 1. the business you work for and the opportunities to grow there, 2. your mentors, 3. your willing to put effort and 4. If you have a masters degree. If everything above is ok, you can expect to build experience on all required skill...

How long does it take to become a chartered engineer? - Quora

Having received the latest copy of Member News, I noted that there was an article about the new youngest CEng. Now, obviously it isn't a race to get CEng and it doesn't really matter at what age you achieve it. But it did tweak my interest to wonder what the ages (not names, let's keep some privacy) of the,
