This is a great book to study for the ARE. I used it to study for the practice management test in ARE 4.0 and it does a really great job of explaining in depth the parts of the law that architects need to know. It's an easy read and is written in a way that is easy for the lay person to understand.

## Read Free Law For Architects What You Need To Know

Summary text for the proposed law, H.R.7604, would "direct the Administrator of General Services to ensure that the construction and acquisition of public buildings in the United States adheres to the guiding principles for Federal architecture, and for other purposes."

### **Proposed law would prevent President Trump from imposing ...**

Under the laws of numerous states, single-family homes or structures of less than a certain square footage are exempt from the requirement that an architect be involved in the design. So the line between houses and townhouses, or between 4,000 and 4,500 square feet, can start to look blurry.

### **Trust Me, I'm an (Unlicensed) Architect | Architect Magazine**

You can ask for a fee proposal from an architect at any time during the selection process that you think is
