strongly that the basics in learning how to sketch and draw must start with a simple black and white medium. Pencil is very special because the traditional sketching techniques often go way beyond the tool itself and into the mind and body of the artist. To me, this is the

Pencil Sketching, 2nd Edition

Sketching the Basics can be seen as the prequel to Sketching as it is more targeted at the novice designer. The Basics explains the essential techniques and effects more in detail, taking the reader by the hand and guiding him step by step through all the various aspects of drawing that novice designers come up against.
