Souls, Slavery, and Survival in the Molentech Age is a unique and important addition to the warning that unless all of us earthlings become concerned about technology and those individuals (controllers) who push it, we will inherit a devastated future for our offspring. The author expresses his message in most vivid terms, illustrating every statement he

into the slave market itself, the heart of the domestic slave trade. Taking us inside the New Orleans slave market, the largest in the nation, where 100,000 men, women, and children were packaged, priced, and sold, Walter Johnson transforms the statistics of this chilling trade into the human drama of traders, buyers, and slaves, negotiating sales that
